

Experience the joy of surfing at 50x faster than dial-up.*

New! Faster speeds and more plans to choose from

HughesNet® uses advanced satellite technology for a super-fast, always-on Internet connection that's sure to put a smile on your face.

- Download large files in minutes, not hours
- Access email and web pages instantly
- View streaming videos and other high bandwidth content

Your HughesNet connection is ready whenever you are – no more dialing in or waiting to get online. Plus, it doesn't tie up your phone line, so you never have to worry about missing a call. You can even connect an existing home network to the Internet with a simple Ethernet connection.** Why wait any longer?

America's #1 choice for high-speed Internet by satellite

With five full-featured plans to choose from, it's easy to get the high-speed connection that's right for you. Enjoy download speeds up to 3 Mbps and upload speeds up to 300 kbps. You can get more done... have more fun!

With professional installation and high-quality, 24/7 technical support that's always there for you, your wait for high-speed Internet is over. Moving up to high-speed Internet couldn't be easier.

How to get happy

Order now.

Talk to your HughesNet dealer today about a great money-saving offer.

Install.

Our professional installer will bring your system right to your home and hook you up in no time.

Surf.

It's time to take advantage of everything the Internet has to offer.

HughesNet Service Plans:	Max Download Speeds*	Max Upload Speeds*	Email Accounts
Home	1 Mbps	128 kbps	5
Pro	1.2 Mbps	200 kbps	5
ProPlus	1.6 Mbps	250 kbps	5
Elite	2 Mbps	300 kbps	10
ElitePlus	3 Mbps	300 kbps	10

Key Features:

- 24/7 live technical support
- Email accounts with 2 GB of storage each
- Spam & virus filtering
- Personalized start page
- Equipment and standard installation included
- 24-month limited equipment warranty

*When you connect to the Internet using HughesNet, the upload and download speeds you experience will vary based on a variety of factors including the configuration of your computer, the number of concurrent users, network or internet congestion, the speed of the Websites you are accessing, and other factors. Stated speeds and uninterrupted use of service are not guaranteed. During peak hours, actual upload and download speeds will likely be lower than speeds indicated.

Don't wait another minute. Get HughesNet today!

Your wait is over.

Get high-speed happiness with HughesNet.

High-speed Internet by satellite is now within your reach – whether you live a block from where cable or DSL Internet service ends, or in the most remote part of town.

Sign up for HughesNet today and enjoy all these benefits:

- Available everywhere, even where cable Internet and DSL aren't
- Instant Internet access with an always-on connection
- Super-fast downloads – large files take minutes, not hours
- Compatible with both PCs and Macs
- Professional installation included
- 24/7 technical support
- No phone line, dialing in or logging on required

HughesNet is brought to you by HUGHES[®], the global leader in providing broadband satellite networks and services for large enterprises, governments, small businesses, and consumers. For over 30 years, Hughes has delivered satellite products and services around the world, with more than 1.5 million systems shipped to customers in over 100 countries. Hughes pioneered the development of high-speed satellite Internet services, which it markets globally under the HughesNet brand.

*Offer brought to you by Satellite Solutions Network, Inc. Please call or visit www.satelliteinternetsolutions.com for full offer details.

HughesNet[®]

*Speeds based on the ElitePlus service plan and compared to typical dial-up speeds of 53k. Actual speeds may vary and are not guaranteed.

HughesNet is available anywhere in the contiguous U.S. with a clear view of the southern sky. Alaska and Hawaii excluded. Actual speeds may vary. Speed and uninterrupted use of service are not guaranteed. Minimum term required. Monthly service and termination fees apply. Usage is subject to a Fair Access Policy. Visit www.legal.HughesNet.com for details.

**Home networking equipment may be required and is not included with your HughesNet system. For network setup, support and configuration, contact your network hardware manufacturer and/or operating system software developer (Hughes is not responsible for home network configuration and management.) All computers on this network will be sharing a single connection. Simultaneous use of high bandwidth applications by multiple users may result in degradation of speed.
